- Student recognition of increased workload (including reading material above grade level, up to 30 pages of reading per night, and two-three page independent writing assignments) and willingness to engage in a more rigorous curriculum
- Teacher recommendation may be a factor for higher placement but is not the sole determinant
- Parents can recommend a higher placement for a student, even if the student does not meet the above criteria.
- Students must be aware that they may remain in an advanced course for the entire first semester.

***Decoding** comprises High Frequency Words (HFW), Phonics (PH), & Word Recognition (WR) scores.

Decoding score = (HFW - 3.83) + (PH - 4.83) + WR
