

All candidates have access to their transcripts of program completion for years one and two in the program. A candidate can take a transcript or transcripts to another district to show completion of Year I or Year II. If a candidate completes Year I in SUHSD and moves to another district, the candidate can take the transcript to verify completion of Year I and complete Year II in another district. If a candidate does not complete the program after two years and goes to another district, SUHSD will oversee completion of the program.

Below is a sample of a transcript for a Year I teacher.

Sequoia Union High School District

TIPS Program - Year 1 Transcript Induction Portfolio Results Summary Sheet

Name:

Complete

Incomplete
